

C. Flowsmart©

Not a flowchart, not a maze, but something in between! From the Case Box to the Decision Box there are different paths that a case can take as it makes its way from its humble beginnings to a Supreme Court decision. You must shepherd the case through perilous pitfalls and dangerous dead-ends on its journey to a Supreme Court decision! Follow the arrows and draw a line through the boxes that mark the correct path. Be careful! There is only one correct route.
